

multipart/
mixed

```
graph TD; A[multipart/mixed] --> B[text/plain]; A --> C[application/msword];
```

A tree diagram with a root node at the top and two child nodes below it. The root node is a white rectangle with a black border containing the text 'multipart/mixed'. Two black lines branch out from the bottom of the root node to two child nodes. The left child node is a white rectangle with a black border containing the text 'text/plain'. The right child node is a gray rectangle with a black border containing the text 'application/msword'.

text/plain

application/
msword
